### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose, singly or in combination, a bellows-type pipe junction as claimed in detail in claim 1, a pipe joint arrangement as claimed in detail in claim 11, or an improvement in an aircraft as claimed in detail in claim 12.

The closest prior art is Aschoff et al (US 6,315,332) and Godel (US 5,506,376).

Regarding claims 1 and 11, both Aschoff et al and Godel fail to teach or fairly suggest any of the features of the claimed group.

Regarding claim 12, neither Aschoff et al nor Godel teach or fairly suggest the claimed improvement in a pipe junction joining a first pipe extending from an aircraft fuselage to a second pipe of a drain mast mounted on the fuselage. Both Aschoff et al and Godel are drawn to exhaust systems for motor vehicles and are not considered applicable to such a pipe junction.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
